

FINANCIAL STATEMENT ANALYSIS 101

ONE DAY COURSE AUCKLAND

A comprehensive overview of how to interpret and utilise financial information essential to analyse the financial health and commercial performance of your business or that of prospective clients

DATE & TIME

**Tuesday 21 October 2025
8.30 am - 3.30 pm**

WHERE

Auckland CBD

ABOUT

A comprehensive overview of how to interpret and utilise financial information essential to analyse the financial health and commercial performance of your business or that of prospective clients.

This one-day course is designed to provide you with a good understanding of financial statements; profit and loss statements; cashflow and trend analysis.

WHO SHOULD ATTEND

Professionals without accounting training who require an understanding of financial statements to assist in their roles, such as:

- those providing debt or equity finance to clients
- lawyers wishing to understand the commercial consequences of legal clauses
- those commencing business unit leadership or governance roles.

BENEFITS & OUTCOMES

Gain confidence and knowledge to interpret and analyse financial statements, including trend analysis to determine the financial “health” and commercial performance of the business or division in question

6 CPD Hours in total

COURSE PRESENTER

DR NAVA RAMEZANIAN, LECTURER AT AUT BUSINESS SCHOOL, FINANCE

Nava obtained her PhD in Finance from The University of Auckland in 2020 and has done her undergraduate and postgraduate degrees in Business Economics and Economic Development and Planning.

Nava joined the AUT Business School, Finance Department in August 2019. She has been teaching corporate finance and financial management courses for undergraduate, MBA and Professional Masters programmes. Her research interests include corporate governance, empirical asset pricing and firm performance.
